China Hong Kong Chapter

# Cyber Security Staff Awareness Recognition Scheme 「共建員工防火牆」嘉許計劃

## Are you aware?

Over 74%\*

Data Breaches  
involve human  
factor!

\*Source: 2023 Verizon "Data Breach  
Investigations Report"

## Express concern regarding the current lack of adequate measures? No Worries!

The scheme aims to recognise organisations that are aware of the importance and have implemented suitable measures to enhance cybersecurity staff awareness within their organisations in the past 12 months. This initiative is fully supported by the government, professional bodies, and business associations. Let us unite to strengthen cyber defense by implementing multiple channels to enhance cybersecurity staff awareness.

Furthermore, the organisers also provide free resources and assistance to help businesses and organisations achieve a higher level of recognition, thereby fostering cybersecurity protection within their entities and ultimately benefiting entire business environment.

## Schedule:

**Deadline: 31 Aug 2024**

## Supporting Organisations:

### Assessment Criteria

	<b>Cybersecurity Staff Training</b>	Ensure that cyber security training has been provided to at least 50% of the staff within the past 12 months, either through online or physical training sessions.
	<b>Phishing Drill Participation:</b>	Ensure that all staff have participated in a phishing drill at least once in the past 12 months, which can be conducted through self-developed drills or ethical drill programs organized by third parties.
	<b>Comprehensive Cyber Security Policy</b>	Establish and maintain a comprehensive cyber security policy accessible to all staff, covering areas such as work-from-home policies, password policies, and incident response policies etc.
	<b>Reporting Channels for Cyber Security Issues</b>	Implement effective channels for staff to report any cyber security issues, including a designated channel to report suspicious or malicious emails.
	<b>Dissemination of Cyber Security Information</b>	Promote the dissemination of cybersecurity information among staff, such as by actively participating in cyber security information sharing platforms or through regular updates and announcements.

### Recognition Tier and Requirement:

	<b>Platinum</b>	Complete all 5 assessment criteria
	<b>Gold</b>	Complete any 4 assessment criteria
	<b>Silver</b>	Complete any 3 assessment criteria
	<b>Bronze</b>	Complete any 2 assessment criteria

### Recognition:

The trophy and digital award badge will be presented to the awardees at the award ceremony and the names of the awardees will be featured on the official website of the program.
